What does "Carontawan" mean?

It's a Native American word roughly translated to "little town on a big hill." It was chosen in 1918 for the first class "annual" at Mansfield State Normal School.

What's the 2022 Carontawan theme?

"Roarin' 20's"! It's based on the seven-ish decades that the Carontawan was previously published (1918-1990), before going on a 25-year hiatus. Each section's look is based on a decade, inspired by the styles of those yearbooks.

Did you just copy old books because you're already out of ideas?

Nah. We chose to reprise the old Carontawans to spark more inspiration! There have been 75 volumes before this one, and our staff has spent hours sifting through them for features, photos, and ideas. We wanted our 2022 theme to bring the old Carontawan pages new life. We invite you take a look back through the North Hall archives and see where we're coming from: <https://bit.ly/CarontawanArchives>.

Is this the final version of the 2022 Carontawan?

It isn't! We put together this "first version" of the book so that our community can order a physical copy to be on campus by the end of the semester. The "final version" will be made available to the community sometime mid-summer when we finally complete it.

How come some organizations and people aren't in the book?

Our small staff couldn't feasibly take every photo that's in the following pages. We've relied heavily on our community to send us photos of their year. We've done our best to include as many organizations, events, and wonderful people that we possibly could. Apologies to those we missed - make sure to check your email and contribute next year!

What's next for the Carontawan?

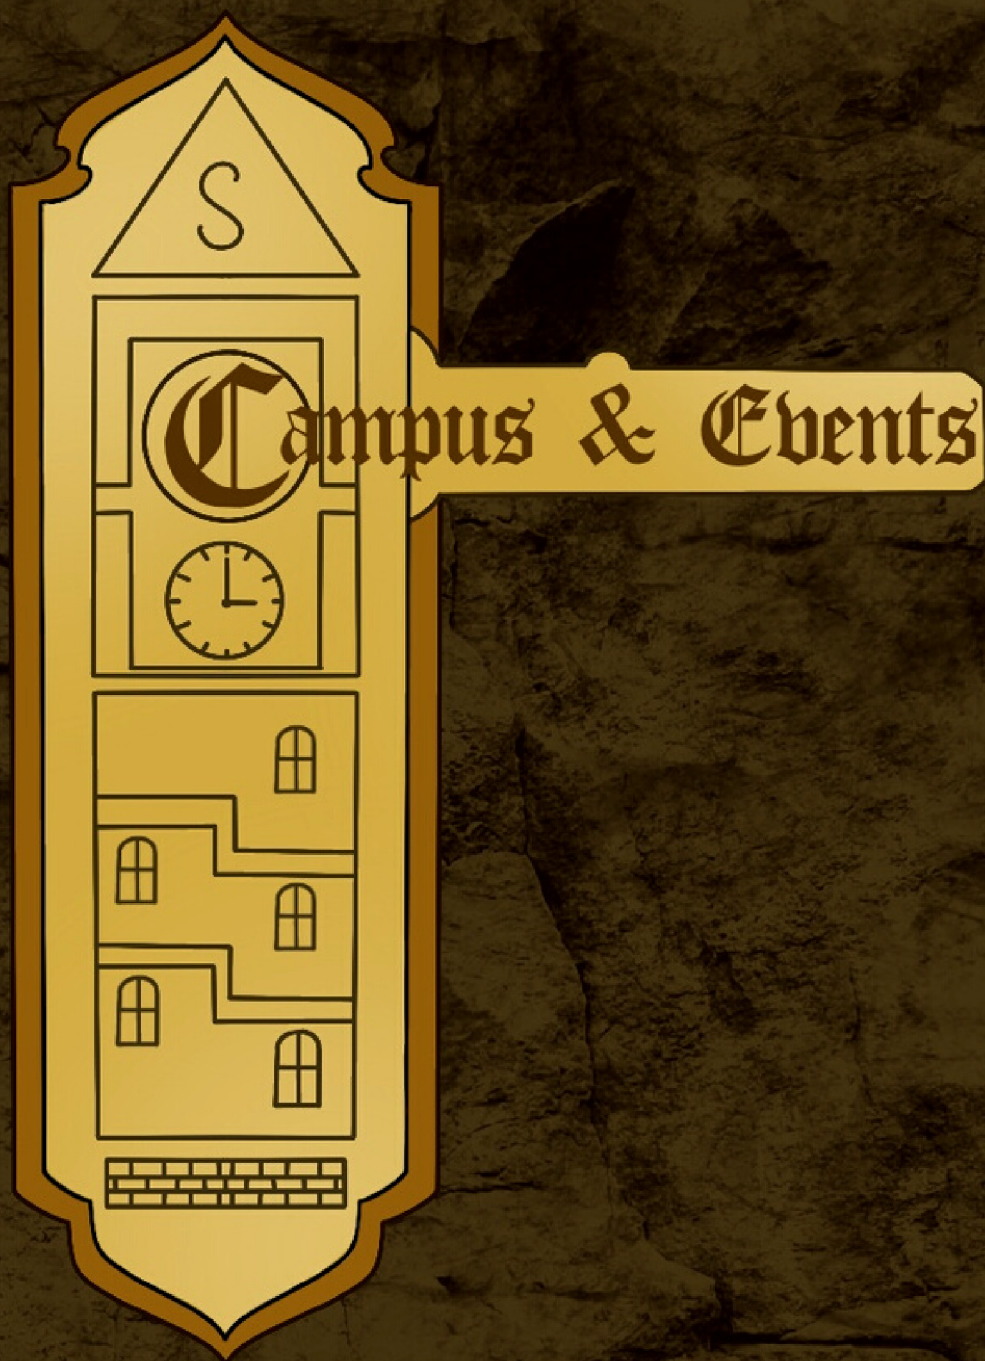

We don't know yet. Some of our staff is graduating, while others have important commitments next year. We're hoping for a 2023 book, but we need a passionate staff to devote a lot of time to this project. It's so important for the Carontawan to record the life and times at MU so we don't lose our history and can look back on it fondly.

Wow, I'm so inspired. Can I help make the next Carontawan?

Yes, we would love to have you! The Carontawan is an awesome opportunity to get involved here at MU. Email us at yearbook@mounties.mansfield.edu to get in touch!

Now what?

Explore the book! We've constructed a snapshot of what our 2021-22 experience meant to us and those who contributed. We hope it sparks some wonderful memories of your year(s) at Mansfield.

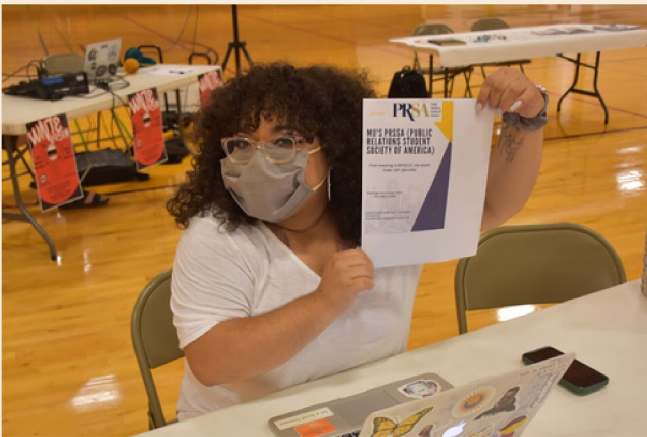

1927

Student Organization Fair

We began the year with Mountie Days! As our incoming undergrads and returning students arrive on the campus for the semester, clubs and student organizations get the opportunity to re-introduce themselves to the MU community. This year, 20-30 organizations masked up in Kelchner Fitness Center for the largest gathering Mansfield had seen since commencement last year. Whether you were interested in Greek life, academic advancement clubs, hobbies, or student publications (like this one!), there was something to get involved with. What's a better feeling than meeting people who love doing the same things you do?

THE HOMECOMING COURT

Homecoming Fall 2021

Mansfield welcomed alumni, students, and community members alike to celebrate the current and past generations of Mansfield University scholars. Delaney Clark of AST and Cuong Le of SGA were crowned Queen and King, with Donovan Cook of Track & Field, Alex VonWenstein of SAE, and Rebeca Pizzo of SAAC joining their Homecoming Court. Aaron Kelly, winner of the ninth season of American Idol, serenaded the First Citizens parking lot. While MU fell 28-55 to the University of Pennsylvania Quakers, the lights of Karl Van Norman Field were as bright as ever, and having everyone together for a good old-fashioned football game was a great kickoff for the semester.

A COURTROOM SCENE

The Crucible

Robert Ward's *The Crucible*, led by Dr. Todd Ranney, was a trial of the skill and talent of the musically-inclined Mansfield University students. The story embarks on a journey through the late 1600s during the Salem Witch Trials. Abigail Williams (Deanna Mogianesi) captivated the audience with her flare and passion for the art of opera, and John Proctor (Matthew Merolla) was equally astounding. Arguably one of the most difficult operas Mansfield has ever performed, the cast went through months of hard work to create a spectacle of talent and perseverance. Although COVID-19 was still present, some performers are seen unmasked due to being frequently tested for the virus before performances. Audience members were all required to mask-up in order to attend.

Fall Fest

Super Bowl Sunday

THE HUT

Hello, Dolly!

*Dr. Sheryl Monkeli*en decided to finish her 21-year career at Mansfield University with her all-time favorite show. Following the incredible Mrs. Dolly Levi (Natalie Holsey), the show hearkens back to 1890s New York City through a slew of musical and dancing numbers, which also brought incredible colorful hats, scarves, and parasols to the Straughn Auditorium stage. Just as the masking mandate on campus was lifted, the Straughn doors opened to accept hundreds of spectators across four performances. Most memorable, besides Mrs. Levi's panache, wit, and character, were the energetic Waiters' Galop, the chaotic Courtroom Scene, and the dynamic pair of Cornelius and Barnaby. The "Hasshop" scene had the audience in stitches every night!

Danielle Bradbury

Michael Glabicki & Dirk Miller

Mansfieldians & Concert Choir Reunions

Over the course of a weekend, campus got to witness not one, but two enormously talented vocal reunion concerts. The first, held in Steadman Theater, featured Dr. Youngsuk Kim, Dr. Sheryl Monkelién, and Dr. Peggy Dettwiler directing different generations of MU's resident vocal jazz group, the Mansfieldians. We welcomed back alumni vocalists from Mansfield in the 70's, and witnessed combined performances with the present-day Mansfieldians group. The day after, we crossed campus to Straughn Auditorium to hear Dr. Dettwiler's Concert Choir. A set of songs from the current Concert Choir were followed by a packed Straughn stage of alumni singers. We heard featured pieces from the Concert Choir repertoire such as "Celtic Blessing," a Ukrainian hymn, and a bagpipe number, all masterfully put together by centuries of choir experience (all totaled together).

Big Event

*T*he Big Event, coordinated by SGA, is an annual tradition at Mansfield where students volunteer in the campus community. Student-led organizations are encouraged to sign up to fulfill their mandatory volunteer hours each year. This year, over 20 students volunteered at MU's Accepted Students Day and at My Neighbor's Closet in Mansfield for the Big Event.

Relay for Life

Spring Fling

SGA's capstone event for the year was the full return of a weekend bash to celebrate the coming of finals and springtime! South Hall Mall hosted a day-long carnival, complete with popcorn, snow cones, blow-up obstacle courses, and a foam pit. To kick everything off, Decker Gym was practically blown to pieces by Kevin Gates and Yung Gravy.

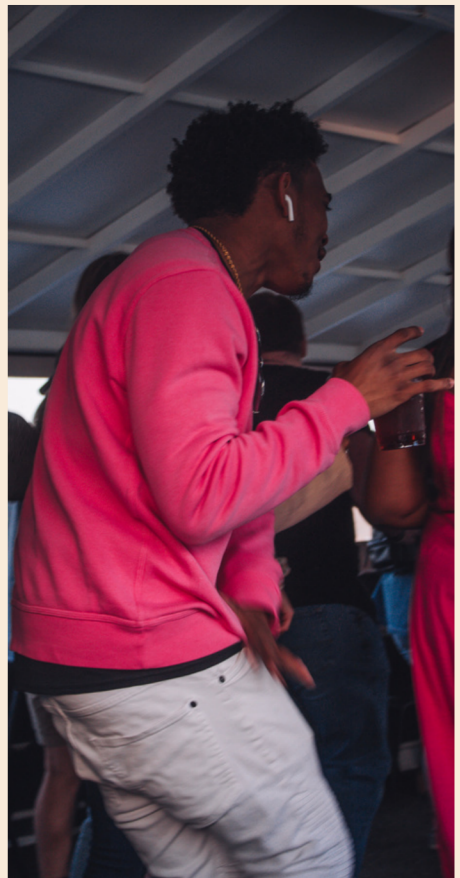

Belize Trip

Sixteen students embarked on a journey to Belize, a small central-American country, to fulfill a three-credit Political Science class during the first academic summer session. Led by Dr. Bosworth and Dr. Rothermel, the students learned more about the culture with different cultural immersion experiences.

A Message From The Provost

As we bring the 2021-22 academic year to a successful conclusion, we have much to celebrate and much to reflect upon. Fall 2021 marked the first semester we were able to return to in-person instruction since the global pandemic disrupted our operations in Spring 2020. With our health and safety guidelines in place, and through the cooperation of our entire campus community, we were able to return to in-person instruction and resume campus life and activities in a manner that seemed increasingly “normal” across the academic year.

Above all, we have learned that the more we stick together as a university community and mutually support each other, the better able we are to adapt and change as circumstances require. I’m especially grateful to our students, our faculty, and our staff for their flexibility, their patience, and their resolve since the pandemic began. Our university community placed our students and their success first, as we always have. In so doing, we stayed true to the purpose and mission of our institution since its founding in 1857 as a welcoming and supportive environment for higher learning in our region and beyond.

Our Mansfield community has long exhibited leadership and resilience in the face of changing times, always in an effort to meet the educational needs of our students in the best way possible. As our evolution continues, we are now poised to join with Bloomsburg University and Lock Haven University to form one integrated institution with three distinct, mutually supporting campuses, with an implementation target date of July 1, 2022. As those plans come to fruition, Mansfield looks forward to expanding educational opportunities for our students in collaboration with our partner institutions.

As I write this, we are about one month away from our spring commencement ceremony, during which we will honor and celebrate our Fall 2021 and Spring 2022 graduates. As we do so, we will keep in our thoughts the people of Ukraine, and especially the students, faculty, and staff of Ukrainian universities, whose country was unjustly invaded by the Russian military at the end of February. Mansfield University has taken a public stand in support of the people of Ukraine. Our University Senate endorsed a resolution expressing support for the Ukrainian people and denouncing the invasion, and we raised the Ukrainian flag in place of the Mansfield University flag in front of Elliott Hall to symbolically express our solidarity. The strength, courage, and resilience of the Ukrainian people in the face of such adversity is truly inspiring.

My thanks to the Carontawan staff and their advisor for all their hard work in putting this yearbook together. Your dedication to our university is greatly appreciated. And to all of our students, those graduating and those continuing on next Fall, thank you for choosing Mansfield University and making our institution such a special place for all of us—students, faculty, and staff, alike—to learn and grow.

Sincerely,

DR. JOHN M. ULRICH

Academic Honor Award Ceremony

North Hall Library

NORTH HALL, 1934

NORTH HALL, 2022

"The majestic Victorian-era North Hall has symbolized the spirit of Mansfield University for more than a century. Located in the heart of the campus, it originally housed the women's dormitory and today serves as one of the most elegant libraries in the United States...The final touches to the building were completed by 1911. A raised walkway was built connecting the 3rd floor of the south wing to the Alumni Hall, South Hall and the Gymnasium, where Manser dining hall is today. A grand stairway, creating an entrance to the first floor, was also built on the west side of North Hall."

- Jamie Curtis, Class of 2010

"I want this library to be the student's library. You want them to be comfortable and respectful of it and they always have been... they are fantastic with that. We want a library for the next generation of students, one that says to students we're here for you."

- Scott DiMarco, Director of Library Services

LEGACY

1990

Current Events

Mykola Polyuha, PhD from Bloomsburg University

After reading through some Carontawan volumes around 1944 and the Second World War, we decided to add a section detailing some of the events happening in the world and at our University. In short, we're recovering from the COVID-19 pandemic, witnessing awful history being made in Ukraine, and attempting to comprehend the PASSHE integration of Mansfield University, Bloomsburg University, and Lock Haven University: "Locksfieldburg."

As of writing this, it's been about a month-and-a-half since the Russian invasion of Ukraine on February the 24th. At least 11 million Ukrainians have been displaced, 24,000 people have been killed, and thousands more unaccounted for and missing. We have no idea how or when the confrontation will end, and the uncertainty takes a toll on our cozy feeling of national security. We can just face the rising gas prices and wish for the best for those who have been affected by the conflict.

The start of March brought some fresh air from the global pandemic that limited MU's campus to a fraction of its on-campus population and moved to online courses for the 2020-21 academic year. Our champion Jim Welch, in accordance with CDC guidelines, dropped the face mask mandate on campus. While other parts of the country and the world continue to struggle against the virus, Mansfield University has recently been a haven of concerts, food courts, and athletic events. With vaccines becoming more widely available and a slightly less dangerous Omicron variant of COVID becoming the dominant strain, it's hard to resist a surge of optimism that the 2019 plague might soon be over.

Carver Hall, Bloomsburg University

Durrwachter Center, Lock Haven University

Finally, Mansfield University is over a year into an integration with two PASSHE neighbors, Bloomsburg and Lock Haven. Our diplomas will still read "Mansfield University," and we'll still have a Mountie mascot. But with another interim president and the demolition of Maple, Laurel, and Pinecrest on campus, all we can feel are the winds of change. But as change is upon us, it's even more important to remember Mansfield's history. And its iconic campus snapshots.

We managed to fill in more of our Appreciation Board this year. This book wouldn't have been possible without the assistance of all the notecards above. We've probably missed some.

Very enthusiastic thanks to our advisor, **Holly Jackson**, whose unwavering support, brilliant insight, and all-around wonderful personality is the most important capstone in our organization. We can't believe our luck that we have the most talented and kind instructor on campus to help us put this monument together.

Huge thanks to our tiny, passionate staff, **Natalie Holsey, Kendall LeValley, Grace Madison, Sam Feeley, Sarah Hart, & Jaymi Morseman**, who collectively put in hundreds of hours of work to make this dream project happen. Without a doubt, you all are the most determined, creative people anyone could hope to work with, and we hope you remember our Work Nights and manic meetings as a highlight in your involvement at MU.

Heartfelt thanks to **Ryan McNamara** for helping us get our message across the MU community. And to **Elysee McPherson & Joe Mizdail** for helping the Carontawan actually sell our copies on campus through the Spirit Store, and for being a reliable, welcoming presence in our dear Alumni Hall.

And finally,

Thank YOU

for contributing and reading through these pages we've put so much effort into. The Carontawan is only as great as our MU community makes it.

Editor's Note

One night, two springs ago, I discovered a secreted-away bookshelf of old Carontawan copies, dating back to 1925. My annoying habit of following through on every idea that occurs to me led to the birth of the 2021 Carontawan. I didn't think we would make it this far.

I often cite that book as the biggest project I've ever helped make happen. I probably spent 60+ hours in Alumni 2M last year hand-typing our employee directory, putting borders on every single photo, and typing cheesy blurbs to take up pages we couldn't fill. A year later, while I'm still proud of our staff for making that book happen, I think it ended up looking like a children's novel. The font is massive, the photos blurry, and I think only two published copies were ever printed. I own both of them.

Here at MU, I've met the most brilliant colleagues, put together some gratifying projects, and got the chance to travel the world. Everything has made me such a better person. I'm concerned about where I can direct my passion now. The projects that have sustained me for four years are disappearing from my life. Composing your senior yearbook is a beautiful, terrifying activity.

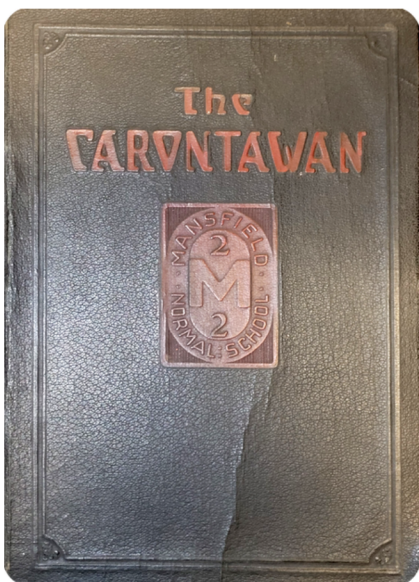

The "Legacy" section isn't taken from an old Carontawan, like our theme this year does incessantly. I came up with that title when I realized how important passing down history is for a college campus. This book's existence is something I can leave behind once I graduate. I hope it intrigues you, as a member of our Mansfield community, to look into the history of the Carontawan and the history of whatever group you've been a part of at MU. Hundreds of thousands of students have left their legacies behind here, and that's more inspiration than you'll ever be able to absorb.

"If you like this Carontawan tell us; if you don't, tell us you do anyway." (1930)

Autographs

Autographs

Our Centennial Twin

The fifth Carontawan was dedicated to Dean Arthur T. Belknap and Mary E. Belknap. Other familiar faculty names include William Straughn, Alice Horton Doane, Will George Butler, Grace Steadman, and Herbert Grant.

The 2022 Carontawan's Campus Events section pays homage to the 20's style: lots of writing, black & white group shots, and lots of blank space.

We considered adding a "Jokes" section to this book, but we couldn't find a local comedian.
